# To My Customers:

Business is NOT as usual. New regulations and added restrictions compel us to change and adjust our business accordingly.

I have been awarded the plumbing contract on a large Defense Housing Project at Las Vegas, Nevada. This work will require my presence in that city for several months. I find it necessary, therefore, to discontinue my repair business in Sierra Madre until further notice. The store will remain open to serve your needs in Appliance Sales and General Repair and Fix-It Service.

Your patronage has been appreciated, and I hope to again serve you when conditions permit.
